Hike out: We will provide you with a sack lunch and water for your hike. 3 quarts of water is required for hiking out of the canyon. If you bring your hydration pack, make sure that you bring a spare bottle as a backup. Each bottle should have a strap or you must be able to carry it in your pack for hands-free hiking. Though a guide will be hiking with your group, you will be responsible for your hike out of the canyon and your own personal gears. You should plan to hike most of the day.
